Sections 1117 and 8501 of the Every Student Succeeds Act (ESSA) require that timely and meaningful consultation occur between the local educational agency (LEA) and private school officials prior to any decision that affects the opportunities of eligible private school children, teachers, and other educational personnel to participate in programs under this Act, and shall continue throughout the implementation and assessment of activities under this section.

The following topics must be discussed during the ongoing consultation process:

- How the children's needs will be identified;
- What services will be offered;
- How, where, and by whom the services will be provided;
- How the services will be academically assessed and how the results of that assessment will be used to improve those services;
- The size and scope of the equitable services to be provided to the eligible private school children, the proportion of funds that is allocated for such services, and how that proportion of funds is determined;
- * The method or sources of data that are used to determine the number of children from low-income families in participating school attendance areas who attend private schools;
- How and when the agency will make decisions about the delivery of services to such children, including a thorough consideration and analysis of the views of the private school officials on the provision of services through a contract with potential third-party providers;
- How, if the agency disagrees with the views of the private school officials on the provision of services through a contract, the local educational agency will provide in writing to such private school officials an analysis of the reasons why the local educational agency has chosen not to use a contractor;
- Whether the agency shall provide services directly or through a separate government agency, consortium, entity, or third-party contractor;
- * Whether to provide equitable services to eligible private school children by creating a pool or pools of funds with all of the allocated funds based on all the children from low-income families in a participating school attendance area who attend private schools; or in the agency's participating school attendance area who attend private schools with the proportion of allocated funds based on the number of children from low-income families who attend private schools;
- When, including the approximate time of day, services will be provided; and
- *Whether to consolidate and use Title I funds provided in coordination with eligible funds available for services to private school children under applicable programs, as defined in section 8501(b)(1) to provide services to eligible private school children participating in programs.
